Accountancy Services

As a firm of Chartered Tax Advisors with offices in Guernsey and Jersey, LTS Tax not only provides Guernsey, Jersey and UK taxation services to companies, individuals and trustees, but also offers tailored accounting services.

With a broad client base, we prepare accounts for small locally owned and managed trading companies to large investment portfolio and property holding companies owned by Guernsey and Jersey resident clients.

LTS Tax employs qualified accountants as well as chartered tax advisors and is registered with Chartered Institute of Taxation, resulting in an integrated approach to your business needs utilising the expertise and knowledge of both accountancy and tax professionals.

Two of the firm's qualified and experienced accountants, Danielle Emery and Erica Harrisson, lead this service and have an excellent knowledge of Guernsey and Jersey company requirements and vast experience of many industry sectors.

After completing her accountancy training in 2011 with one of the "big 4" firms, Danielle gained substantial experience in the fiduciary and fund industries prior to joining LTS Tax in August 2018. Danielle is a fellow of the Institute of Chartered Accountants in England and Wales (ICAEW).

Erica joined LTS Tax in 2016 from a global fiduciary services organisation, having qualified as a Certified Chartered Accountant (ACCA) the previous year. In 2018, she also achieved her Chartered Tax Advisor (CTA) qualification, enabling her to look after the tax affairs of Guernsey and UK tax clients as well as preparing accounts.

Heidi joined the accounting team in August 2025 having worked as a fund accountant for a number of years. Heidi qualified as a Certified Chartered Accountant (ACCA) in 2024.

We offer a full accounting service depending on the client's individual needs, whether it be regular bookkeeping from source records or preparing financial statements from an accounting system. Our team has experience with QuickBooks and Sage as well as being a Xero Bronze Partner, with all accounting staff being certified Xero advisers. This enables us to offer clients support and expertise if they wish to use an online accounting package.

With a focus on providing a pro-active, high quality service with a personal and flexible approach, we exceed client expectations and maintain the highest standards. LTS Tax prides itself on having the ability to act quickly and proactively for the benefit of clients without the constraints of larger organisations, ensuring a tailored and personalised client offering at competitive prices.
